

Membership Dues Grant Request Form (Members)

To be considered for a membership grant that covers 12-month / 100% dues, you must be a current SMPS Oregon member who:

1. Recently received a membership renewal notice but haven't renewed because of financial hardship.
2. Either:
 - Was laid off from your full-time job in the A/E/C industry and have yet to secure full-time employment,
 - Have recently lost more than 30 percent of your income due to downsizing (for freelance and contractor members).

In exchange for the grant, SMPS Oregon asks that you volunteer five hours of your time to the Society. This can be a chapter event, contest judging or some other form of involvement. The SMPS Oregon executive committee will be reviewing applications (members of this committee are not eligible for the membership dues grant program). Recipients cannot receive more than one grant/scholarship in a chapter year.

Please fill out the following information and email with required attachments to Angie Cole at angie@lbruun.com.
